

RICHMOND AD. CLUB ENJOYS GREAT "OLD CLOTHES PARTY" OVER AT RIDGE CREST FARM

"Officer" Steps Forward as Crowd Starts to "Old Swimming Hole" and Threatens Arrest for Trespassing, but Learning Fixes It Up.

Successful in every way was the "old clothes party," the first of the season given this season by the Richmond Advertiser's Club, yesterday afternoon and evening at Ridge Crest Farm. Assembling at the Richmond Hotel at 3:30, members of the club and their invited friends, numbering 250, were taken in automobiles by a circuitous and mysterious route to Ridge Crest.

Shortly before reaching J. F. Nadeau's new eating place, the cars were unloaded in the woods and President S. T. Learning announced that they would go to an "old swimming hole" near by. As the party entered the woods, an officer stepped forward and told Mr. Learning that the woods were private property, and he would arrest the crowd on the charge of trespassing.

Women in the party uttered "oh" and some of the men said it was time to "hit the grid," but after a rough and tumble affair, President Learning overcame the objections of the "officer" and led the party around a bend in the road to "Ridge Crest," where tables were spread under the shade trees, ready to be laden with the good things provided by Caterer J. F. Nadeau and his assistants. While the tables were being set, several "stunts" were pulled off. They were as follows:

SURPRISING GROWTH SHOWN IN VIRGINIA SYNOD OF THE PRESBYTERIAN CHURCH

Minutes of General Assembly for Year Recently Closed Report Membership of 59,329, Gain of 8,737 in 10 Years—Gain Is Declared Remarkable.

Surprising growth in Virginia Synod of the Southern Presbyterian Church is shown in the minutes of the General Assembly for the year recently closed. The Southern Presbyterian Church in this synod has a membership of 59,329, a gain of 8,737 in ten years, or 16 per cent. This is a remarkable gain when the fact is taken into consideration that during that time the Abingdon Presbytery, with 4,627 members (and the entire synod of West Virginia, 10,599 members, were taken away from the Virginia Synod.

The Sunday school enrollment is 56,278, or about 94 for every 100 church members. There are 3,601 titheers, or one to every seventeen members. A tithe is one who agrees to give one-tenth of his income to the church. Only one other synod has more titheers to its members.

Members of the Virginia Synod contributed last year to benevolent causes \$65,521, or \$11.21 per capita, or \$27.09 per member.

HARDING ENDS VACATION IN WHITE MOUNTAINS

President Leaves New Hampshire To Board Yacht Mayflower, in Portland, Me.

TO ARRIVE HOME TUESDAY

Go Out of Way to Visit Soldiers' Sanitarium at Oxford—Stops at Poland Springs for Lunch and Game of Golf.

PORTLAND, ME., Aug. 6.—President Harding ended his vacation visit to the White Mountains of New Hampshire today and crossed Maine to board the yacht Mayflower, here for the return voyage to Washington.

Accompanied by Mrs. Harding and a number of the vacation party, the President made the 140-mile cross-country trip by automobile, starting early in the day from Lancaster, N. H., where he has been the guest of Secretary of War Weeks since Tuesday.

Visits Soldiers' Home.

He went out of his way to visit a soldiers' sanitarium at Oxford, Maine, stopped at Poland Springs for lunch and a game of golf and accepted an invitation to pay a brief call and make a speech at Westbrook, just outside of Portland, in the early evening. Sailing late tonight, the Mayflower is expected to reach Washington Tuesday noon.

The stop at Westbrook was arranged at the request of Senator Hale, of the State, who has been one of Mr. Harding's companions on this and several previous vacation trips. Several thousand gathered to hear the President's speech, greeting the people of the State and reiterating his prediction that America would find it possible to assume the leadership for world peace at the coming armament conference.

Plays Game of Golf.

Before he said goodbye this morning to the mountains (Oxford near Lancaster, which has been his home for the last four days, Mr. Harding played a round of golf on the dimly lit course laid out on the Weeks' land for the use of the vacation party. The play today was the final match of a tournament for the championship of the party, and although Mr. Harding made a low score, the title went to Senator Hale.

During the stop at Oxford, both the President and Mrs. Harding assured the disabled soldiers and veterans under treatment there that the government would do everything possible for their welfare. Both asked many questions about the needs of the patients, most of whom are suffering from the effects of gas and before leaving made a thorough inspection of the whole establishment.

"I am happy," said the President in his short speech at Westbrook, "to come here and say to you how grateful we are for the cordial greeting we have received in the State of Maine and New Hampshire."

"I have thought what a change has come about. You haven't gathered here to greet me personally because I've been here before and you have noticed it. But you have come to me tonight because I am your spokesman. When a man is a candidate for office he is always seeking to come among you and make himself heard, but when a man is in office the people want him to come among them and he ought to come among them and be heard and hear from them."

"That's as it should be, for this is a popular government, and let me say to you that no President ever could do anything of which the American people did not approve."

Security and Satisfaction are His, Wherever the Cadillac Owner May Tour

Before starting a tour across the continent, it is desirable to know something of the company which built your car, as well as the car itself.

In the very broadest sense of the word, the Cadillac is a sound and strongly established American institution.

There is probably not another plant in the world as advantageously equipped as the wonderful new works which the Cadillac Motor Car Company has just occupied.

The Cadillac has always been a model in manufacturing fitness and fineness, to which manufacturers of high grade cars the world over have gladly paid tribute.

The new Cadillac plant insures a degree of scientific exactitude, efficiency, and economy, beyond the fondest dreams of anything attained in the past.

Its far-flung system of sales and service puts friends within easy reach for the Cadillac tourist, wherever his fancy may carry him.

Back of every Cadillac sold is a solid history of eighteen years of unique experience, hammered and welded into a positive knowledge of how to build a car of the highest grade.

Back of every Cadillac is business responsibility—a splendid past, a solidly successful present, a sure, substantial and brilliant future.

The knowledge of these things brings a sense of certainty and satisfaction to the Cadillac owner second only to the certainty he feels that his car will do all he expects it to do, and more than he could hope any other would do.
